Merchants Asked To Assist Police

In order to control the illegal use of bicycles on Solano and San Pablo Avenues, the police department requests the assistance of the merchants in a control program.

They ask that any merchant or his employees or any citizens who see a bicycle ridden on the sidewalk on San Pablo or Solano Avenues, or parked in any position other than upright, parallel to, and within 24 inches of the curb on the sidewalk on either of these streets to make a note of the license number including the year and the city, and the date and time of the offense. If there is no license plate, there may be a number on the right hand side of the bicycle just under the seat. They further ask that you make note of your observations on a post card and send it to the police department.

They will then contact the parents of, or in case of adult riders, the owner of the bicycle for further action.

It is hoped that such a program of cooperation will help in abating the nuisance of the bicycles in the business zones.

PERALTA JC TRUSTEES TO ASK TAX INCREASE IN APRIL ELECTION

The Board of Trustees of the Peralta Junior College District has approved a resolution setting an election on April 20, 1971, for a tax rate increase.

The election, to be combined with the trustee election on the April date, calls for an increase in the basic tax rate from 36.2 cents to 35 cents for the operation of the Peralta Colleges.

According to John Dunn, Chancellor, the tax increase will be offset to a large extent, if it is approved by the voters, by the fact that the current override tax for leasing and out-of-district tuition will end as of June 30, 1971. This override tax has amounted on an average to 14.5 cents over the past three years. Thus, the increase in the average tax rate will only be about 4.3 cents.

The action of the Board followed several weeks of deliberation. Discussions have been held in the form of Committee of the Whole Meetings of the total Board, as well as several meetings involving Board members, District administration, and community, civic and business leaders.

At the Committee of the Whole Meeting of the Board Dec. 21, Dr. Dunn, Mrs. Cheryl Kleinhammer, president of the Board, Carl Dechow, vice chairman of the Board and Mrs. Margaret Hayes reported to the full Board on the nature of the community discussions. In general, summarized Mrs. Kleinhammer, the reaction has been supportive although no group or individual has been asked as yet to take a position on a specific tax rate proposal. Rather, she said, community groups and individuals have been asked only to react to a possible tax increase.

It is important to note, Dr. Dunn said, that whereas the current override tax is a restricted tax which can be used only for leasing and the cost of students attending other junior colleges, the proposed 18.8 cent override, which would be substituted, would be used for general operating expenses of the total college district. Thus, the current strain on the instructional supplies and equipment budget,

Council Orders Election Papers For Study On Tax Proposals

Proclamation

WHEREAS the 61st anniversary of the founding of the Boy Scouts of America occurs on Monday, February 8, 1971; and

WHEREAS approximately 50 million boys and men have benefited from its educational program since its beginning in 1910; and

WHEREAS the Mt. Diablo Council of the Boy Scouts of America successfully carries out the Scout program in this area through various religious, school, civic, and other community organizations that are chartered to use the Scout program; and

WHEREAS the Boy Scout movement has proved itself as a great force for the youth of the United States by encouraging the ability of boys to do things for themselves and others, by training them in Scoutcraft, and by teaching them patriotism, courage, self-reliance, and kindred virtues; now, therefore, be it

RESOLVED, that I, Hubert F. Call, Mayor of the City of Albany, in the State of California, do hereby proclaim the month of February as Boy Scout Anniversary Month and Monday, February 8, as Boy Scout Anniversary Day—with the theme, Save Our American Resources and be it further

RESOLVED, that our citizens recognize the dedicated and devoted service being performed for our community by volunteer Scout leaders and express our appreciation to the institutions using the Scout program for the benefit of the youth of our community.

In testimony whereof, I have hereunto signed my name officially and caused the seal of the City of Albany to be affixed this 1st day of February, 1971.

Review of Town Meeting

Close to 100 interested Albany citizens attended the Town Meeting at the Albany City Hall to listen to and participate in a discussion on ways and means to implement funds needed by the city to meet the financial need of the upcoming year.

The meeting was called for Jan. 26 after the reading of City Administrator James Turner's State of the City Message at the general Council meeting Jan. 18.

In the message he stated that the carry-over used during the annual dry spell has shrunk from \$230,000 to \$95,000, and if more funds aren't available a loan may be necessary. He continued to say that the carry over is not the only worry. Without salary adjustments next year, costs resulting from recent midyear increases to police and fire will result in almost an \$18,000 higher budget. Charter amendments recently passed will increase the city's obligation for pensions by another \$18,000. Service charges, in the meantime, have either remained fixed or, because of spiraling costs, have been shrinking. Property tax is near legal limit and in his opinion the necessary revenue would most equitably come from the utility user's tax.

At the meeting, opponents of the users' tax questioned the constitutionality of the tax, reminding the Council of suits filed in various cities now using the tax, with one of the suits now before the Appellate Court. Tax dollars, they stated, could be held up in

Al Sahlberg, Mickey Ettingoff Win Albany Golf Championships

The long rolling fairways, deep canyons and treacherous greens of the Franklin Canyon Golf Course were the challenges put before the members of the Albany Men's Golf Association as under azure skies on Sunday, January 24, some 40 members of the club teed off for glory.

Al Sahlberg and Mickey Ettingoff, proprietors of two of the local watering holes in this city, came away sporting the green jackets emblematic of the club's monthly championship. Al (Hoss) Sahlberg captured the low handicap flight by fashioning a fine 86 to go with his 17 handicap for a net 69. Mickey Ettingoff came into his own as a member by winning the high handicap flight by carding a 96 to go with his 25 handicap for an adjusted 71.

In the high flight a tie developed for 2nd and 3rd place between Jim Murphy and Drexel Rose, both players having net 72s. Second in the low flight once again went to Bob Barclay with 86-16-70. A pair of fine Scotts lads, Bill Meek and Malcolm Robertson tied for 3rd place in the low flight at 71.

In the blind bogey flight Andy Hashimoto walked away with the honors, leaving Richard Yamashiro with second place. Hashimoto also captured the hole-in-one contest by leaving his shot some 17 feet from the pin on the 165 yard 4th hole.

(Notes and Quotes)

Bob Barclay was heard saying after taking second place for the second month in a row and 4th since the beginning of the club, "I'm starting to feel like the San Francisco Giants."

A pleasant surprise was afforded the members of the club when Eleanor Sahlberg, who is recovering from heart surgery, stopped by the course to congratulate her husband on his victory.

Reserves Hold Dinner Dance

The annual Albany Police Reserve Dinner Dance was held at Bellini's Restaurant on Saturday, Jan. 23.

The dinner honored Lauri Ojola who was retiring after 29 years of continuous service. He signed up as a reserve officer on that infamous day, December 7, 1941.

Mr. Ojola was presented with a fishing rod and reel from the Albany Police Reserve Association. Gene Hellwig, commander of the Reserve, made the presentation.

Guests included Mayor Hubert F. Call, Chief of Police Ralph Jensen and Ed Zentner, director of reserves.

There are approximately 25 men in the Police Reserves and in 1970 they put in 2450 hours of volunteer duty.

DOUG PARKER is a six foot two forward-center on the AHS Varsity basketball team. A junior, playing his second year of Varsity basketball, Doug has been instrumental in Albany's fine season this year. He was particularly outstanding in the 84-77 loss to Dublin and the 83-57 win over Livermore. Playing good defense, he scored 20 and 13 points respectively. He also pulled down 14 rebounds in each game to lead the team in that department. Doug has great desire and should be even better his senior year.

HUBERT F. CALL
Mayor of the City of Albany

Number one would present to the voters the 5 percent utility users tax, number two would raise the property tax limit from \$1.00 to \$1.58.

The proposed election issue drew heated words from Councilman Richard Clark and Councilman Joe Carlevaro. Clark opposed the action citing that the census is down from other fiscal years and reduction of city spending should be pursued. Carlevaro stated that the amount that could be cut safely from the city budget would be a "bandaid" for a more severe condition. He said he felt the electorate would realize the sincerity of the Council in placing the issue before them for final consideration and resolution.

Councilman Lewis Howell said he felt "our Supreme Court is the people" and that there was no other alternative to finance services people demand. It is a proposition to extend services or curtail services. He did not feel the electorate would want to cut back in park, recreation, safety and other city programming. He pointed out that there is now in effect a 33 and a third cut-back in the City Clerk's department and hiring one gardener to replace the two retiring would pare personnel further.

Mayor Hubert F. Call summed up the issue. "People should have the opportunity to vote on the issue," he said. "If they say no, then cut the services. If they vote for it, give them 100 cents on every dollar." He said he could not vote to cut down on police or fire services.

Previous to the move by the Council to prepare the election papers was a motion by Clark and passed unanimously by the five councilmen to slash 4 percent from the current budget to act as a stop-gap for the coming dry spell.

Councilman George Hein said he hoped that the employment of one gardener instead of two would be temporary in view of the park expansion south on Masonic and upgrading other park facilities.

Other Council action was:

Pen Women Program Thousand Oaks Author

Mrs. Eleanor Butler Heady will be guest speaker to the Piedmont-Oakland Branch of the National League of American Pen Women on Saturday, Feb. 13, 1 p.m. at the Berkeley home of Miss Mary Child.

"What Do Children Like to Read?" will be the topic. Mrs. Heady grew up in the Snake River Valley of Idaho. She had verses published during her childhood and young adult years. After receiving her B.A. degree from the University of Idaho, she taught English at Rockland High School. Then with her husband, Professor Harold F. Heady of the University of California School of Forestry and Conservation, she lived in New York State on a wildlife experimental forest; in Minnesota, Montana and Texas before settling in their Capistrano Ave. home in Berkeley.

Her first published children's stories were written while working as operator, announcer and writer for a local radio station

in Bozeman, Montana. African trip, Mrs. Heady edited African folklore while conservationist husband searched work on the grass. Two African folklore books published: "Jambo Sunungu" "When the Stones Were the Singer," will be published next year. She also published science books: "On the Earth, the Story Grass" and collaborated with husband on the book, "Meadow, the Ecology of a Meadow."

The author returned to and wrote a book of the folklore of the Nez Perce of Northern Idaho, titled "The Nimipoo," which was adopted by the state as a reading text. During a stay in New Zealand and Australia, Mrs. Heady wrote, "Johnny O'Hare," a picture in verse of Australian folk tales. Mrs. Heady is writing a second grade book on soils; another collection of folk tales of the Southern Idaho, and an book for the very young on pen and ink drawing of animals and Professor Heady. The Headys are members of the Calif. Writers' Club, the Berkeley City Club and the Congregational Church.

Local Real Estate Woman receives Presidential Plaque

RECEIVING THE PRESIDENT'S PLAQUE of the Berkeley Real Estate Board at the installation meeting held at Spencers Restaurant is 1970 outgoing President Frances Pruter, local real estate woman. Dave Robinson, past president in 1965 of the California Real Estate Association, made the presentation.

At the installation of the Berkeley Real Estate Board, Frances Pruter, outgoing president, was presented with the Presidential Plaque by Dave Robinson, past president of the California Real Estate Association.

Past President David Robinson of the California Real Estate Association presented Mrs. Pruter with the President's Plaque. Frances Divine presented the Achievement Book.

Mrs. Pruter has been in the real estate business for 20 years; 18 years in Berkeley and on Solano Avenue almost three years. She worked through all the committees and officers of the Board with the exception of the building maintenance committee. "I guess that was a man's job," she says.

Her year resulted in the following names submitted and being accepted for the California Real Estate Association state committees for 1971: Jerome Blank to the Executive Committee; Gordon Nicolson, Jr., chairman multiple listing service residential; Larry Shepard, chairman property management; Bob Griffin, chairman Realtor-lawyer relations and vice chairman north of standard forms; Jeff Sanders, vice chairman north "Make American Better"; Bill Turner, chairman education investment commercial exchange division. Frank Battino won the California Real Estate Association Exchange Award.

Turning the gavel over to new President Robert Rogers, Mrs. Pruter said: "We had good fellowship. No arbitrations, no grievances between our over 400 members — a real successful year."

Mrs. Pruter was also the first woman in the State to be president of a major board.

litigation. Others pointed out that the equitability could be questioned as banks, insurance companies and government buildings are exempt. Alternatives offered included city cut back in personnel, government travel expenses, program, projects, competing with neighbor communities on Marina development, expensive surveys, equipment and persuasion of the University of California to lease or give the city property in exchange for services to the Village—said property then to be used for commercial development.

In rebuttal it was stated that the average salary is less in Albany than in cities elsewhere in the two counties. That Albany City employees asked for a raise, but when the financial situation was explained, settled for just the cost of living increase. Travel expenses have been cut. To be specific, they have been halved. No city, affording safety for citizens, can cut corners in police or fire services. Additional costs have added \$13,000 to the yearly budget. As to surveys, Councilman Richard Clark pointed out that Albany cannot remain static. "We must keep faith with the future along with meeting today's needs," he said.

Councilman Lewis Howell expressed his belief that the issue should be placed before the voters. Mayor Hubert F. Call concurred with his opinion but added that he felt a time limit should be set on the users' tax if it should pass by ballot; put it on a trial basis, he said, and in the meantime negotiate hard on the upcoming budget.

Both sides conceded that this same financial crisis is being felt in cities of all sizes from the Atlantic coast to the Pacific. And no one so far has found an easy or popular answer.

Legion to Hold Initiation

Albany Post 292, American Legion, will hold a mass initiation of all the recruits they have on the waiting and deferred list Friday evening, Feb. 5, with the meeting called for 8 p.m. by Commander Keith D. Truax in the Albany Veterans' Memorial building.

The impressive American Legion initiation will be put on by a ritual team of the post's past commanders under the direction of Past Commander Carl H. Waters.

According to Commander Truax in the notices that were forwarded to candidates, an invitation was included for the wife of the recruit to witness the ceremonies of initiation. The post member who brought in the candidate and his wife are particularly asked to be in attendance to introduce and welcome the new member he sponsored.

With this class of initiates Friday, George Gray, the membership chairman of Post 292, will then count the roll to ascertain how many will be required to make the membership quota before May 1, 1971, and the closing date for the Department Convention count for delegates.

MATH IS EXCITING!

MR. DAVID STONEROD of Lawrence Hall of Science, U.C. Berkeley, waits for the answers to be given by the special class in computer math held at AHS's "Math Den" for Marin and Cornell students.

By Olga Bier

It was only a drawing on the blackboard—a little box with a slot at each side and some circles representing some knobs at the bottom. But as the third grader "took over" the controls, "punched" the buttons and "fed" the "computer," the excitement in the air was at an unbelievable level as the students vied to be chosen to speak.

With the physical intensity that only the very young can express, they climbed on their chairs, twisted their arms above their heads and wiggled all over in their eagerness to contribute. This couldn't be a math period!

Box Times Two Plus Box Equals Triangle

The chart on the wall indicated most of these children had completed their "two times table" and about half were on their "threes." And yet, as the computer game progressed, it became awesomely apparent that the youngsters were demonstrating their understanding of equations requiring grouping of symbols and multiple-step solving. Their parents would recognize these concepts as those they got back in 9th grade algebra.

This elementary class at Vista School is only one example in many of how exciting new approaches to math are motivating Albany's children in what for some youngsters used to be a dull and routine subject listed as their least favorite.

Computer Training for Elementary Students

By utilizing the teletype hook-up at Albany High School and the availability of the "Math Den," seventh grade pupils from Marin and Cornell Schools are regularly scheduled for instruction and experience in the use of the computer connected by telephone from the Lawrence Hall of Science at UC Berkeley.

Mr. David Stonerod from LHS and Mrs. Marylee Saxton of Albany's High Potential program, along with Mrs. Bernadette Mulera from Marin, work with the children in planning their own exercises on individual program cards for working on the computer. The opportunity to free the mind from mechanical procedures by letting the machine do routine calculations inevitably expands the time and area for creative thinking and experimentation. By learning "how" to get the answers means that once the method is determined, the time spent calculating, for example,

outer space problems involving figures of light years, can be done in seconds. The student then can go on to further investigation without getting stymied by the math required.

Have Computer, Will Travel

Enthusiasm for the program at the elementary level has increased so much that faculty members at Cornell and Marin have been transporting an additional computer to the schools alternately each Friday afternoon from LHS.

Spearheaded by Mrs. Peggy Hill at Cornell School who last year began by taking four children at a time to LHS once a week to work and learn to use the computer, the program now has expanded considerably. Presently, all of Albany's sixth and seventh graders are involved in a computer project right at their own schools.

Mrs. Saxton's High Potential program has even begun computer-type problem solving with classes as low as first grade with unbelievable results. This presents remarkable evidence that real thinking can take place at any age.

Funds made available by the Board of Education have enabled the teachers to have additional time and help to make this experience well-planned, worthwhile, and stimulating in its implications.

"The high degree of resulting motivation to elementary pupils makes the shutting of this equipment back and forth from LHS well worth the extra effort," states Albany's Director of Instruction William Woolworth.

Small But Significant

Albany is among the smallest of the unified school districts in the state; limited in its resources but not in creative and innovative ideas. Moving ahead with the dedication of an enthusiastic staff, the support of the community, and the fertile eager minds of the young to be taught, Albany can point to its exciting math program with justifiable pride.

Masquers Present Parker Play

In Point Richmond the Masquers present Dorothy Parker's moving commentary on the lives of the newly single, adult women: divorcees, widows, and the separated, who strive for meaning in their new lives; adjustment comes to the lucky few. The play: "Ladies of the Corridor."

Though serious overall, many of the characters dispense an appreciable amount of humor throughout this absorbing play. Kaye Parisho and Vernon Silva are two Albany residents cast in demanding roles. Reservations are strongly urged: 843-5475 (after 5, please). Curtain is 8:30 at the Masquers Playhouse, 105 Park Place, Point Richmond. Run of the play: Fridays and Saturdays, February 5 through Mar. 6.

Located at the old Jackson's Furniture Store, 13th and Clay streets, Oakland, the fund raising event will feature old and new items in 18 departments.

This year the ready-to-wear departments are full of great bargains. There will be clothes for toddler to teenager in the Children's Wear Department and many new clothes have been donated. The Women's Department has quite a selection of furs this year, as well as exotic dresses for evening and daytime wear. All ready-to-wear will be located on the second floor of the large store donated by Ed Gross.

The street floor will feature furniture, bric-a-brac, linens, housewares and appliances. Lots of refrigerators, washing machines and television sets are available. Some of the more unusual items include hospital beds, school desks, some beautiful brand new poured-marbledized vanity tops, new solid doors and used window louvered shutters. Lots of skis and ski boots are in the sporting goods department and there's even a dental cabinet for anyone so interested.

Elizabeth Pachaud is in charge of the art department and many outstanding bay area artists have contributed original work. Marion Maxfield, Stella Epperson, Margery Cathcart, Marilyn O'Hare, and Alene Stoeffler are among them. Also in the art department are Peter Max posters and several Van Gogh reproductions.

The doors will open on Saturday, February 6, at 9 a.m. All money raised from the one-day event will go toward new acquisitions and services at the Oakland Museum.

In the past 10 years the Women's Board has given \$150,000 to the museum from this successful annual event. This year's chairman is Mrs. Harold Jewett.

Donations of merchandise for the sale are still being received at 13th and Clay Streets. For information or pick-up call 463-3736.

The bride, given in marriage by her twin brother, James McCusker, wore a floor length empire line Cahill designed gown of satin organza with a tuckled panel front with Swiss guipure lace detail, wrist length sleeves and an attached train. A circlet of the guipure lace secured her bouffant veil of illusion net. She carried a cluster of butterfly white roses with stephanotis and centered with a detachable white orchid corsage.

Matron of honor was Marilyn Heinzl, sister of the bride. Other attendants were Michele McCusker, sister-in-law of the bride; Julie Grauelle, sister of the groom; Barbara Bergera, cousin of the bride; and junior bridesmaids Elaine and Susan Heinzl, nieces of the bride. The attendants wore green with velvet empire bodices defined with petite daisy lace and short puff sleeves while the skirts were crepe with wattleau edged in the daisy lace. Bow headresses of matching olive accented their gowns. They carried green Fuji chrysanthemums with avocado pompons.

Paul, son of Mr. and Mrs. Alfred Grauelle of Vallejo, was attended by James O'Dea. Ushers were Dennis Grauelle, Louis Comerford, Ed Changus and William Andrew.

Ring bearer was Tim Heinzl, nephew of the bride.

Joan's mother was attired in a gold and green ensemble with matching shoes and bag. The

groom's mother wore aqua with matching accessories. Both wore cattleya orchid corsages.

The reception was held at the Cerrito Club.

After the wedding, the bridal couple left for Carmel for their honeymoon. They will make their home in Chico.

Library Clerks Needed at AHS

Albany's Cornell School library suffers from an excess of success.

Serving 730 children, it houses 12,000 books, 40 magazines, 700 filmstrips, over 100 tapes and 71 cassettes. Librarian Helen Silva Read relies for clerical assistance on volunteer help. Mmes. Vena Flint, Virginia Sicard and Wilma Wells aided Mrs. Read last year. "If we had more help, we could even keep the library open at lunch time," says Mrs. Silva.

The Albany School Volunteers committee invites community participation—either in the Cornell library or in a classroom. For information, phone Dixie Rendrie at 526-8191, or Anne Bell at 524-1913.

Last August, the committee received a challenge from Mary Wallmann of the Albany High School library. Mrs. Wallmann, whose devoted volunteer clerks include Mmes. Marian Gross, Lucille McGuire and Frances Pavone, asked for three more volunteers to hold the library open at lunch time.

Several months later, she can report: "I'm just delighted. We see between 20 and 40 kids each noon and they know they can return books, study or just browse in here. They keep saying, 'You're going to be open today, aren't you?'"

Those responsible for the success of the program are Maitland McKenzie, Mrs. Barbara Sholz and Mrs. Ann Berry, the volunteer coordinator for the high school.

Mary Wallmann adds, "I do hope more help can be found for Helen Read. That library at Cornell is wall-to-wall kids and books."

Most sincere condolences go to our faithful scribe, Margaret Longpre, whose brother has passed away, necessitating her flying north to the funeral.

During the month of February we will be stuffing envelopes for the Easter Seal's annual campaign. "Many hands make light work," so please, do come and help on this worthwhile project. You do not have to be a member to participate.

Speaking of being a member, this is very simple to achieve. All residents of Albany and vicinity over 50 years old are eligible. We have many activities of interest, such as World Affairs Class, Craft Classes, Trips, Travel Slides, Games, Socials and just plain conversation. Our fees are very small, within the means of all.

For more information, call Center Director Beulah Belling at 526-1601 or the Albany Park and Recreation Dept. at 525-5704.

Duster vs. Vega.
The big difference
is not the \$84.85*.

How we got the \$84.85*

	Duster	Vega
Base Car (2-Door Coupe)	\$2324.90*	\$2197.00*
Comparable Engine	—	\$ 42.35
Horsepower	(125 hp std.)	(110 hp opt.)
White Sidewall Tires	\$ 26.85	\$ 26.20
Wheel Ornamentation	\$ 25.15	\$ 26.50
	(Covers)	(Trim Rings)
TOTAL	\$2376.90*	\$2292.05*
Difference	\$ 84.85*	

*Based on a comparison of manufacturers' suggested retail prices for 1971 Duster and Vega 2-door coupes with equipment listed. Prices include Federal Excise Tax and exclude state and local taxes, destination charges, optional equipment other than that listed above, and on Duster, new-vehicle preparation charges.

They've certainly had time enough to learn by now. That with compacts, it's not just the low price but how much value comes through for the low price that really counts. And when you compare our Duster to their Vega you'll see what "Coming Through" is all about. Because Duster not only has more room, more trunk, bigger tires and brakes, and more power than Vega; it's still as easy on gas as it is on your budget. The big difference between Duster and Vega? Come through our place and see for yourself. It's not the price.

Check us for our price, you'll see.
